ABOUT ME

I have been working in the hair industry since I was 16 years old! I have always had the creative flair! At a very young age, I thought I needed to put this to use!

Back then, I used my creativity in art, and throughout the years it has been transferred into crafting miniature's! Yes, this test's my patience sometimes but I find it is very therapeutic!

Being a mum of two young girls, who both have creative minds, keeps me on my toes! Constantly wanting to bake, cook, draw and make things! I can definitely tell they are my children!

When I was working in a busy salon environment's, I found my creative mind was not working at it's most potential, and so from here, I opened my own business Flawless.

Flawless has been through some brand and business changes through the years, and now I have found my absolute dream!

I have worked very hard through the years, perfecting my skills being a bridal stylist, Safe to say, the education never stops!

Now I get to create the perfect, show stopping hair for my beautiful brides, witnessing all the 'firsts' on the bridal mornings.

I love my job!
